ORGANIC BAGS

About Us:

Arun Bhandary Global Traders. is a premier agriculture and food product export company based in Mangalore, India. With a rich legacy of delivering high-quality products globally, we have established a reputation for excellence and reliability. Our recent expansion includes the opening of a new office in Dubai, reflecting our commitment to serving a broader market with the same dedication and quality.

Our Goals:

At AGBT, our goals are centered around sustainable growth, expanding our global footprint, and contributing to a greener planet. We aim to:

- Enhance our product offerings and reach new markets.
- Foster strong relationships with our partners and customers.
- Promote eco-friendly products to support global sustainability initiatives.

ECO-FRIENDLY BAGS

In response to Dubai's ban on single-use plastics effective from June 1, 2024, AGBT has partnered with leading manufacturers in India to supply a variety of sustainable bag options.

OUR MISSION

Our mission is to deliver superior quality agricultural and food products while embracing environmentally sustainable practices. By partnering with manufacturers of organic and eco-friendly products, we strive to reduce environmental impact and support a healthier planet for future generations.
